

Dalian Municipal Epidemic Prevention & Control Command for Pneumonia Caused by the Novel Coronavirus

Decree No.3

Jan. 31, 2020

People's governments of all districts, cities and counties, administrative committees of pioneer zones, and member units of municipal command,

In order to fully implement work of the prevention and control of pneumonia caused by the novel coronavirus, according to the <Law of the People's Republic of China on the Prevention and Treatment of Infectious Diseases>, City Epidemic Prevention and Control Command for Pneumonia Caused by the Novel Coronavirus now decide, the order is as followed:

1. all kinds of local enterprises shall not resume their work earlier than 24:00, February 9, 2020, except involved in ensuring the operation of the city, epidemic prevention and control, the necessities of life and the national economy and people's livelihood.

2. For enterprises that continuously produce during the Spring Festival and have no more new employee back to Dalian, and continue to produce and will not cause personnel turnover, they shall take ventilation, disinfection and other relevant prevention and control measures, and report the implementation of the prevention and control measures to the local community (rural community) epidemic prevention and control headquarters for filing. Medical observation, isolation and other measures shall be strictly implemented for personnel from or who have been to key epidemic areas.

3. Enterprises should protect the legal rights of their employees, strengthen enterprise liability and social responsibility, implement various prevention and control and service security measures in detail, and ensure a stable society.
